The journey hasn't been easy, but we have succeeded by always looking forward and staying driven by our commitment of delivering high quality and long lasting products, just the way you want them.

Umberto LUCE

WE ARE PASSIONATE ABOUT CREATING FOOTWEAR HANDCRAFTED.

For more than 20 years we have forged a tradition of attain to perfection based on our beliefs on goods design ,safety and respect for fair trade.

ABOUT — US

By doing this and staying strong to our values, that are based on the craftsman’s mastery and the invaluable knowledge that they pour into each of the process of creating our boots which makes each pair a unique piece that contains all the wisdom and time necessary to be considered a legitimate “work of worship” “cult piece”.

These attributes and our constant search for innovation have led be present in 22 countries around the world.

We have achieved to be present in 50 countries within the 5 continents.

IN THE CREATION OF EACH OBJECT WE PURSUE THE COMBINATION OF DESIGN AND ART.

Each pair is handmade following long lasting footwear techniques made by the best artisans of the city, who have more than 40 years of experience in the handmade footwear industry and whose value and quality has allowed us to continue offering a unique product in the market.

It is thanks to their expertise and teamwork that we have achieved a constant improvement with all our collaborators and artisans, creating an atmosphere of respect and cordial treatment inside and outside the company.

Being faithful to our beliefs of fair trade is that we always seek to be competitive and loyal with fair wages, valuing and respecting the quality, work, effort and experience shown every day by our team, because without all of them, collaborators and friends, Umberto|Luce would not exist.

This is why every customer who wears a pair of Umberto|Luce, can be sure that it has been cut, sewn and assembled by hand by the best expert hands in the industry.

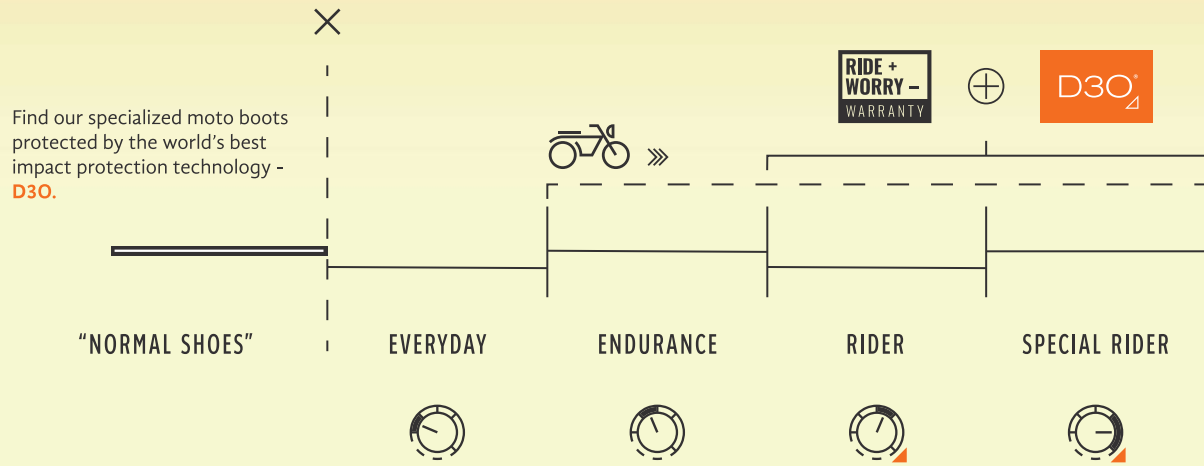

D30

To me, "safety" starts long before you get on your motorcycle. It begins with rider's equipment and the promise of wherever you go, these boots are ready to travel the world with you.

To me, “rituals” do not reflect the traditional stories behind the manufacturer, but the personal stories and passion that drive me as a creator. Those rituals drive the process from a concept to your hands.
