JUNGLE BOOTS

The inspiration for our JUNGLE BOOT goes back to the 1960's when the US Army developed this boot for the jungles of Vietnam.

We've recreated a modern, youthful boot with all the OG characteristics of the original boot.

We used up-cycle old stock materials from the original 1960's Vietnam War fabrics, eyelets, vents, tape and linings! This model has become one of our "best sellers" since anyone who wears this boot is wearing a piece of history!
