Start of operations: November 5, 1996
(Constitutive act number 17623). More than 25
years in the market.

Representative

Antonio Hernandez, International Project Manager

Eva Green leads a team of 195 collaborators, operating 30 injection machines across six warehouses, producing 400,000 pairs of footwear monthly.

Mission.

Eva Green is a company dedicated to the field of design, production, and marketing of synthetic footwear that seeks to satisfy the needs of a market that is constantly evolving through the use of cutting-edge techniques and technologies to achieve high-quality standards and low cost in products.

Vision.

PEOPLE: Consolidate ourselves as a company with an optimal work environment where workers can develop personally and professionally

COMPANY: Maintain ourselves as a leading, stable, and growing company in synthetic footwear with a presence in the national market and positioned before the consumer as a brand of innovative products.

QUALITY AND ENVIRONMENT: Maintain a high standard of quality, safety, productivity, and efficiency without affecting the environment.

Values

Eva Green S.A. of C.V. promotes among its collaborators a life based on values:

Respect

Honesty

Responsibility

Innovation

Teamwork

Sense of belonging

Environmental protection

Eva Green is a company that believes in equal opportunity and does not tolerate child labor or discrimination. We strongly adhere to our core values and have made sustainability since 2019. Thanks to 1512 solar panels, our premises are powered by solar energy. With our solar energy, we are able to generate 2541.29 kWh of electricity and reduce daily emissions of CO₂ by 1677.2 kg.

Through our brands Greenbox, Afino, Elegia Sport, Elegia Kids, and ISH, we present our more than 350 models with a wide range of sandals, rain boots, and slippers.

At Eva Green, we offer our customers high-quality products through our ISO 9001:2015 certification and the SME 360X environmental awareness certification from the International Chamber of Commerce.
