WALK AMONG CLOUDS

WHO WE ARE?

We are a Mexican shoe company with 26 years in the market. We are specialist in the Opanka construction, which is a quality hand-stitched construction of the upper, the sock lining and the outsole in a single process to provide flexibility and super comfort, which makes each pair of shoes unique. We integrate current and modern design with materials, colors and textures of the highest quality standards, ensuring the satisfaction of our customers. Offering a wide variety of leather footwear for men and women.

Our **PROCESS**

Opanka construction consist of the hand-stitched of the upper, the sock lining and the outsole in a single process. With a network of more than 400 women from Leon, Gto making the stitching process this work is considered handmade due to the detail and care in each pair of shoe.

Due to its characteristics this construction provides flexibility and superior comfort and we are able to take every detail to its maximum potential. The use of our unique leathers, colors and materials differentiate us from our competition.

The mix of our advanced technology and the hand stitching process allow us to combine confort and design.

WHERE WE ARE?

OUR COMMITMENT, HIGH QUALITY STANDARDS AND EXCELLENT CUSTOMER SERVICE HAVE ALLOWED US TO POSITION OURSELVES AS A SOLID AND RELIABLE COMPANY IN MEXICO AND ABROAD.
