Reliable solutions in wood packaging and supply

We are committed to our customers in the manufacture of industrial packaging in commercial or special sizes, as well as with the supply of wood and boards in high volumes.

We rigorously adhere to the requirements of each project to guarantee the total satisfaction of our clients. In addition, we foster long-term business relationships, based on a mutual aid policy and a win-win philosophy, always framed in the continuous improvement of our internal processes.

Products & Services

- **Heat treatment of packaging for export (NOM-144-SEMARNAT).**
- **Maquila or manufacture of packaging in high volumes.**
- **Wooden pallets (new and recycled).**
- **Boards: plywood, MDF, OSB, melamine.**
- **Made-to-measure crates and boxes.**
- **Pine wood in high volumes.**
- **Plant shipping service.**

Production Capabilities

- Pallets: Up to 400 pallets per day in commercial sizes.
- Boxes and Crates: Production subject to specific customer dimensions.
- Boards and Wood: Continuous supply in large volumes.

Certification and Regulations

All our heat-treated packaging complies with the NOM-144-SEMARNAT standard, which allows it to be used for international export, ensuring that it is free of pests and has received the appropriate treatment.
