## AGRICOLA MI TIERRA PRODUCE S DE PR DE RL DE CV

**Agrícola Mi Tierra Produce** is a family-owned Mexican company dedicated to the production and packing of high-quality vegetables, specializing primarily in conventional carrots. Founded in 2005, the company has built its growth on consistency, innovation, and a strong commitment to excellence. Today, it operates more than 400 hectares of farmland and its own packing facility, certified under international standards such as **PrimusGFS** and **GlobalG.A.P.**

Our packing house, **Empacadora Zarina**, is equipped with modern washing, grading, and packing technology that allows us to process large volumes efficiently while maintaining strict food safety controls. We offer dependable washing, cooling, and custom packing (maquila) services, designed to meet the specific requirements of each client and market.

Strategically located in the state of **Guanajuato**, we are positioned in the center of Mexico's logistics network, enabling us to efficiently supply both the eastern and western regions of the United States. This allows for flexible shipping routes, reduced transit times, and optimized freight costs for our customers.

We export to the United States and Canada, serving clients who prioritize consistency, transparency, and full compliance with quality and safety standards. As a family-run business, we value long-term partnerships and work closely with our commercial allies to deliver efficient solutions, uniform product, and service tailored to the needs of each market.
